Move Your Couch, Change Your Life

Design for After a Loss

The last thing anyone wants to think of after experiencing the loss of a loved one or going through a divorce is "what do I do w/their stuff?"....Or having to face sleeping in the same bedroom that you shared for many years. While these are 2 different situations, the same issues face you: the processing of any items/collections left behind & the re-design of the bedroom. This is where we can help.

In the case of a DIVORCE, we can help you create an entirely new space that reflects & help you embrace your new life. Using Integrative Lifestyle Design (ILD) we will customize a new color scheme, space-plan, CLUTTER-BUST & new accessories. And, by incorporating the Feng Shui principles of the Relationship (self/couple), Life Journey & Health, your space will serve to support you in this new life phase.

****This is suggested for any time after the DIVORCE is finalized.****

In the case of the DEATH of your significant other (or other family member/friend), we can help you with the SORTING OUT process of their belongings, collections & accessories, & re-design your bedroom. The Feng Shui Life Areas of Relationship, Life Journey & Health will be focused on here & incorporated into the bedroom with color, space-planning & accessory choice.

*****This is suggested for not sooner than 1 month after the loss & within the 1st year.*****

Inclusions: paint (up to 5 gallons), 1 organic mattress topper & 1 set of bamboo bedding

Add-Ons: custom window treatments, duvet/pillows & upholstered furniture

*****This program is highly FOCUSED on the CLUTTER-BUSTING aspect of the process.*****

Price: \$5000.00
